

I saw a Joe Biden campaign commercial that *Emage.com* produced and *Voice of America* (VOA) put on the air on or about July 21, 2020. Since the video aired, the VOA received quite a few complaints and have since taken it down. Actually, the video has been scrubbed from the interwise.

Sara Carter has saved the video and published it on July 27, 2020 in an excellent article complete with the back story. If you click the image below you will be taken to her site where the video lives. It is well worth your 3-minutes or so to watch and then to read the short article. Your VOA tax dollars at work.

As a side note, Sara Carter is a national treasure. I visit her site several times a week.
